Under the Scanner

Look at life with a much broader outlook to build new pathways in our brain

Raise a value-based democracy forged in a large crucible of sensibilities again

Leaving behind their distinct presence as though from a bright dream hollow

Ignite the public imagination, raising green flags of use, all the rest will follow

Strategic development of policy that reorients the new skills and realigns goals

Become masters of many skill sets, a recipe for progress with globalization bowls

Enhance public confidence in the administration of justice across the continent

Beyond the sense of patriotism, keep us inspired with personal and global content

Establish a more holistic working environment for comprehensive development

Follow your path of knowledge, skills, and experience via multiple entry points

Exposure to places and people across India and the proper sequence that spring

Face new challenges and difficulties on the road ahead with observable things

If a sheep leaps over the ditch, all the rest will follow under the scanner

A thin straw will show which way the mighty wind blows as in a banner

Turning point provides the dramatic effects required to elevate the public spirit

Each role has essential dynamic effects as friend-philosopher-guide near it.
